

RQi™ Master Practitioner course

Overview

- The RQi[™] Master Practitioner course is a 4-day programme for qualified RQi[™] Practitioners who want to develop their skills further.
- On the Master Practitioner course you'll learn how to deliver our resilience and wellbeing workshops and use the RQi Team Report™ to assess needs and design group sessions for teams.
- You'll gain access to 19 mini modules to use as building blocks for group workshops. The mini-modules (see pages 4 - 7) map to one or more of the Six Elements of Resilience
- All the group workshop materials have been developed by Kirros using research from positive psychology, health psychology, and neuroscience, plus techniques from established self-development authors
- The materials include presentations, trainer notes, and course workbooks.

Last updated 13 September 2023

Course delivery

There are four sessions to attend to complete the RQi™ Master Practitioner course:

- 3 x 3-hour online sessions
- Two-day workshop in-person

During the first three sessions, the facilitators deliver a selection of workshop modules, so you experience the content first hand. During the fourth session, you'll deliver selected materials yourself to the rest of the group, with discussion and structured feedback.

There are also remote learning exercises with the RQi Team Report™ demonstrating how to use the report to guide module selection for team workshops. Lastly, there is a reading list with a mix of mandatory and optional articles.

Facilitators

This course is delivered by Matthew Critchlow, Managing Director of Kirros and Visiting Lecturer at the University of Westminster and Jennifer Duckworth, RQi Master Practitioner, Executive Coach, former HR Leader and Director of Babel Projects.

Fees & terms

The standard fee for the RQi™ Master Partitioner is £1,600 +VAT which includes the licence to use workshop materials designed by Kirros to the end of the next calendar year, after course completion. Annual renewal of the Master Practitioner licence is £250 +VAT in subsequent years.

Kirros commits to regular updates of the materials based on Practitioner feedback and new research.

Element	Module (associated sub-scales in parenthesis)	Main Sources
Purpose & Fulfilment	Finding Flow Moments (Work Engagement and General Engagement)	[1] Flow Part 1 (2008) by Mihaly Csikszentmihalyi.
